#### **Informed Consent for Chiropractic Care**

Chiropractic care, like all forms of health care while offering considerable benefits may also provide some level of risk. This level of risk is most often very minimal, yet in rare cases, injury has been associated with chiropractic care. The types of complications that have been reported secondary to chiropractic care include: sprain/strain injuries, irritation of a disc condition, and rarely, fractures. One of the rarest complications associated with chiropractic care occurring at a rate between one instance per one million to one per two million cervical spine (neck) adjustments may be a vertebral injury that could lead to a stroke. Prior to receiving chiropractic care in the chiropractic office, a health history and physical examination will be completed. These procedures are performed to assess your specific conditions, your overall health and in particular your spinal health. These procedures will assist us in determining if chiropractic care is needed, or if any further examinations or studies are needed. In addition, they will help us determine if there is any reason to modify your care or provide you with a referral to another health care provider. All relevant finding will be reported to you along with a care plan prior to beginning care.

- I understand and accept that there are risks associated with chiropractic care and give consent to the examination that the doctor deems necessary and the chiropractic care, including spinal adjustments, as reported following my assessment.
- I authorize and request payment of insurance benefits directly to Ian Eshbaugh, D.C. I agree that this authorization will cover all services rendered until I revoke the authorization. I agree that a photocopy of this form may be used in place of the original. All professional services rendered are charged to the practice member. It is customary to pay for services when rendered unless other arrangements have been made in advance. I understand that I am financially responsible for charges not covered by this assignment.

#### **Notice of Privacy Practices Acknowledgement**

I understand that I have certain rights of privacy regarding my protected health information, under the Health Insurance Portability & Accountability Act of 1996 (HIPPA). I understand that this information can and will be used to:

- 1. Conduct, plan and direct my treatment and follow-up among the multiple healthcare providers who may be involved in that treatment directly and indirectly.
- 2. Obtain payment from third-party payers.
- 3. Conduct normal healthcare operations, such as quality assessments and physicians certifications.

I acknowledge that I may request your NOTICE OF PRIVACY PRACTICES containing a more complete description of the uses and disclosures of my health information. I also understand that I may request, in writing, that you restrict how my private information is used to disclose to carry out treatment, payment, or healthcare operation. I also understand you are not required to agree to my requested restrictions, but if you agree, then you are bound to abide by such restrictions.

### **No Call No Show Policy for Report of Findings**

You're second visit in the office we will go through all of our findings from the first day. We just ask that you give us 24 hours notice, incase you need to cancel or reschedule your appointment for any reason. There are emergencies we understand but please let us know if you need to cancel this appointment. In the case that the appointment is missed with no prior notification and we do not hear from you within 24 hours after that appointment we will charge the card on file a \$50 fee. Please give us as much notice as possible. This fee is just because we are reserving a spot for you and a team member to review those X-rays, Neurological scan, and present the recommendations for care. By signing below you are agreeing to the above terms and conditions.
